Vidya Bharathi Peetham

BIOGRAPHY

Madisetty Narasimha Rao or MNR Sir as he is fondly called is a visionary entrepreneur who has transformed his passion for mathematics into a thriving business, blending mathematical expertise with cutting-edge technology to create innovative solutions for the education sector. As the Founder Director of Swamedha Educational Services and Ganita Medha, MNR has pioneered tools and platforms that make learning mathematics more interactive, efficient, and accessible for students and educators worldwide.

MNR's entrepreneurial journey began when he recognized the gap in effective math education tools for students in K-12 and beyond. His combined love for math with a deep understanding of technology created SWAMEDHA, which develops intelligent learning apps, AI-powered tutoring systems, and interactive math platforms that cater to diverse learning styles.

MNR is a forward-thinking mathematics educator and innovator with a mission to transform the way math is taught in schools. With over 25+ years of experience in K-12 education, MNR has designed and implemented creative teaching methods that make math more engaging, accessible and relevant to students of all backgrounds. His work emphasizes hands-on learning, critical thinking and the real-world application of mathematical concepts. This is to bridge the gap between traditional education and modern technology; creating scalable solutions that help students at all levels enhance their mathematical skills and overcome learning barriers.

AUDIENCE

MNR has worked with teachers, school administrators, curriculum developers and students, delivering impactful sessions at educational conferences, teacher development programs and school districts across the country. As an advocate for innovative teaching, MNR is committed to breaking down barriers that prevent students from reaching their full potential in mathematics. Through workshops, training programs and consulting, he empowers educators with the tools to deliver math education in creative and impactful ways.

AREAS OF EXPERTISE

- Ed-Tech Innovation in Mathematics Education
- Vedic Math for Professional Teachers
- Math Curriculum & Content Development
- Coding Curriculum & Content Development
- Coding training for School Teachers
- Business Development and Strategy for Startups
- Scalable Tech Solutions for Math Education

KEY PROJECTS & VENTURES

- Schoolpapers : The AI powered online question papers / worksheets generator for all subjects
- Edseva : The AI powered online practice platform for all subjects
- Swamedha Educational Services : The Skill-based coding curriculum training on RAINBOW Methodology & focusing on PANCHATANTRA Skills
- Ganitamedha : An educational platform that aims to make learning math fun and engaging for students.
- Techmedha : A technology platform

AWARDS & RECOGNITION
